

# Supporting English Language Learners with Duolingo

1

With Duolingo for Schools, students can learn English with instructions in more than 24 home languages!

2

Meet students at their "just right" learning level by offering them differentiation through Duolingo.

3

Bolster students' academic language by allowing Duolingo to take the responsibility for social language.

4

Make use of every minute! Students can use Duolingo as a warm-up, at centers, or any other part of the day with spare time.

5

Get the whole family involved! Duolingo is a free resource that anyone can use.
