

ways to use duolingo in class

warm-ups

Offer students a fun way to start class by working on Duolingo as they get settled.

group work

Engage students by trying a lesson or activity together as a class.

differentiation

Let early finishers grab a device to work on tasks at their “just right” learning level.

substitute plans

Use our constantly growing resource library for low-prep activities for students.

extra practice

Assign specific skills or XP goals for students to meet while practicing.
